

DOWNTOWN TOLEDO PARKING GUIDE

Updated 5/4/26

Parking in downtown Toledo is convenient with garages and private lots offering daily, monthly, evening, and event parking options.

The ParkMobile App makes street parking downtown simple. Find nearby zones on the map and pay on your phone. The app will alert you when your session is almost up, and allow you to renew without going back to a kiosk.

Kiosks are available on select streets and can be used to pay with card without the app.

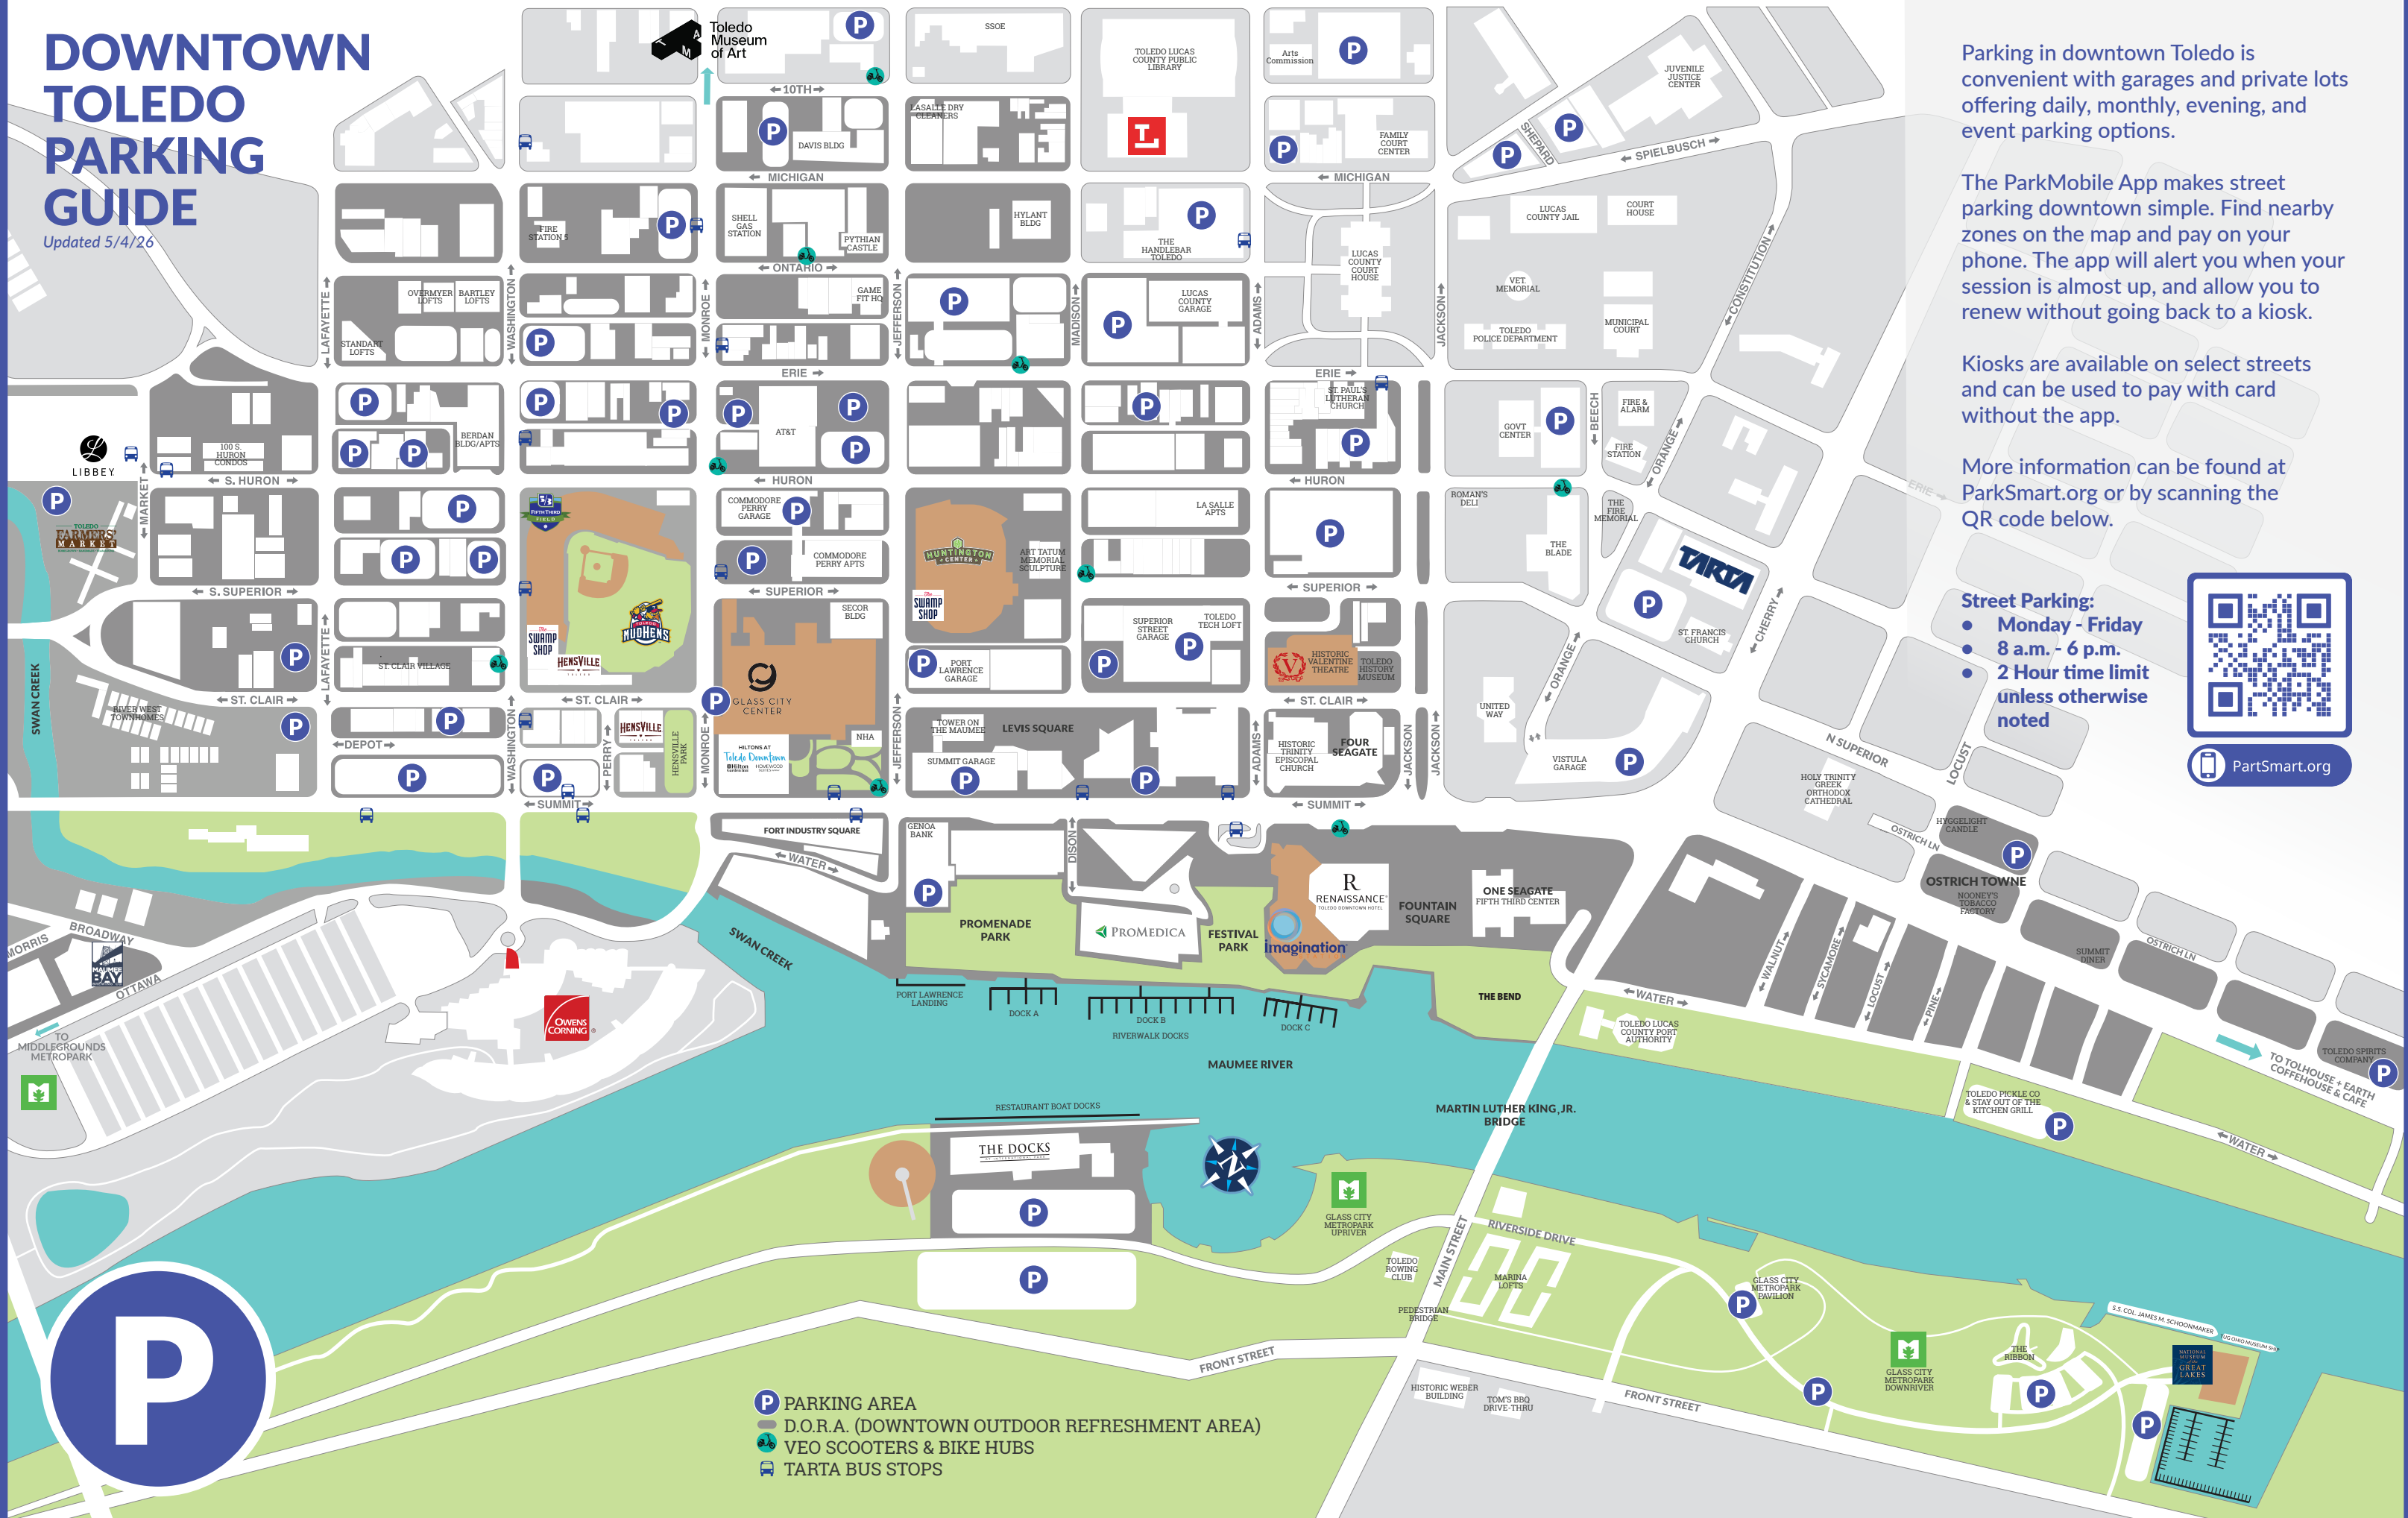

More information can be found at ParkSmart.org or by scanning the QR code below.
